PROFESSIONAL SUMMARY

Product Management professional with 2+ years of experience across product execution, quality engineering, and cross-functional delivery. Experienced in translating customer problems into wireframes, PRDs, user flows, and MVP releases while collaborating closely with engineering, design, and business teams. Currently pursuing an MBA in Technology Management with hands-on experience building and validating early-stage products.

PROFESSIONAL EXPERIENCE

Product Manager Intern

Great D'Tour (Chomps Innovation Labs LLP)

May 2026 - Present

Bangalore, India

- Collaborated from customer discovery through wireframing, PRD creation, sprint grooming, QA validation, and MVP release, ensuring alignment across product, engineering, design, and customer support teams.
- Designed 15+ wireframes in Figma for demand and supply side user flows, reducing design iteration cycles from 4-5 rounds to 2-3 by enabling upfront alignment across founder, UI, and engineering.
- Authored 10+ PRDs on Confluence that standardized product requirements across design and engineering, reducing ambiguity during sprint planning.
- Designed onboarding forms and user flows, defining field logic and sequencing for host/volunteer onboarding workflows.
- Performed end-to-end testing on MVP builds, tracked 20+ bugs via Jira and coordinating resolution across engineering and customer support.
- Coordinate with 5+ stakeholders daily across product, engineering, UI, and customer support to drive grooming sessions and roadmap execution.
- Designed over 100 functional and edge-case test scenarios, improving MVP release confidence and reducing production defects.

Tools Used: Jira, Confluence, Figma, Excel

QA Analyst

FinAmp Enterprises

Sep 2024 - Jul 2025

Indore, India

- Owned end-to-end quality across sprint deliverables, coordinating bug life cycles and ensuring timely resolution across design and dev teams.
- Automated 30+ repetitive test processes using Selenium, Java, and TestNG with GitHub CI integration, reducing manual testing effort and freeing team bandwidth.

Tools Used: Selenium, Java, TestNG, GitHub

QA Engineer

TruckX Technologies Pvt. Ltd.

May 2023 - Aug 2024

Pune, India

- Collaborated with 25+ cross-functional stakeholders daily across 5+ teams (product, mobile, frontend, backend, PMs, peer QA) to ensure seamless coordination.
- Implemented cross-team tracking system that reduced status meetings from 60+ min to under 40 min, eliminating context-finding overhead.
- Delivered demos to 35+ stakeholders every 2-4 weeks with zero QA delays across 4 high-priority client releases.
- Found critical frontend bug acknowledged by engineering as root cause of multiple issues, preventing production crash.
- Caught 3 major bugs in DOT compliance testing missed by engineering/product; improved test coverage 75% via automation.
- Automated 4+ hours of manual web testing using Selenium and Java, eliminating repetitive basic flow testing for the website.

Tools Used: Selenium, Java, TestNG, GitHub

PROJECTS

CraftRoots - Artisan-Led Experiential Travel

CAUSE 2026 | 1 in Top 56 Nationally

Shortlisted teams

- Validated platform through 120-traveler survey (71% interest, 72% adoption intent) and 12 user interviews (8 travellers + 4 artisans) across Bangalore and Goa.
- Built pitch package with Figma prototype and financial model (2-3x artisan income uplift); MVP using ChatGPT, Google AI Studio, Lovable.
- Developed go-to-market strategy and unit economics; secured mentorship from 3 industry experts to refine product-market fit approach.
- Prioritized MVP features using customer interviews and feasibility analysis to define the initial product roadmap.

Tools Used: Figma, AI Tools, Market Research, Business Model Canvas

SKILLS

SQL | Miro | ClickUp | Power BI | Agile/Scrum | Problem Solving | Leadership | Teamwork | Market Research | Stakeholder Communication

EDUCATION

MBA - Technology Management

Institute of Product Leadership, CMR University | Bangalore | CGPA: 9.07/10

Aug 2025 - Present

B.Tech. Honors - Computer Science & Business Systems

SVKM's NMIMS | Indore | CGPA: 3.66/4 | Dean's List - Ranked 2nd

2019 - 2023

LEADERSHIP & EXTRACURRICULAR

- National-level Volleyball Player; captained state, college, and school teams to multiple 1st-place finishes.
- Class Representative (35 students) & Head of Events Team, Institute of Product Leadership - driving 300+ event registrations.
- VP, Alphalete Sports Club (100+ members); led training programs and inter-college tournaments building team culture.
- Web Development Head, Turing Club; TEDx Speaker Coordinator (40+ speakers managed) - demonstrated execution under pressure.
